How to Use

Easy to set up, Easy to use

- 1 STEP Pairing**
- 2 STEP Open App**
- 3 STEP shooting**

- 1. Pairing**
 - Turn on the remote by switching the on/off button. The remote will enter into pairing mode and the LED indicator will begin flashing.
 - Activate the Bluetooth® function on your phone and scan for nearby devices.
 - Select "AB shutter 3" from the remote list and pairing will automatically be completed in a few seconds.

- 2. Select APP**
Use the built-in camera APP to take photos via AB shutter 3, or you can download the Camera 360 APP from Google Play.
- 3. Shooting**
Select the APP and press the correct button on the remote to take pictures on your iOS or Android phone.

Check camera compatibility in the 'Compatible Devices' chart on the next page. If your device's built-in camera APP is not compatible, please download the Camera 360 APP.
