

PROMASTER®

28-210mm Aspherical Auto Focus Zoom Lens

Features:

If it's sharpness you want, this is the perfect lens for you. With its aspherical elements, this lens produces extra crisp pictures with almost no distortion. The PROMASTER AF 28-210mm lens also features internal focusing so that the lens doesn't rotate on the front when focusing. The PROMASTER AF 28-210mm is a perfect choice as a normal lens for your SLR.
