# VL-1144 [ LED Studio Light ]

Thank you for your purchase of the ProMaster VL1144 LED Studio Light. The VL1144 provides you with flexible, functional go anywhere lighting for your still or video photography needs.

## Light Controls and Operation

To operate your VL1144 light, mount the light to an appropriate light stand and secure firmly with the **Stand Mounting Knob**.

Insert the power cord from the AC power supply (included) or the optional battery pack into the **DC Power Input** socket and tighten the collar on the power cord.

Turn the VL1144 on and off using the **Power Switch**. Once you have your light powered on, use the **Lamp Tilt Adjustment Knob** to set the desired angle and the **Lamp Intensity Knob** to set the desired light output.

## Safety Precautions

1. Do not expose your lighting equipment to excessive sunlight, moisture, dust, dirt, rain or water.
2. Any exposure to chemical solutions, gasoline, grease, oil, paint, or detergents can result in permanent damage to your equipment.
3. Do not insert any metal objects into your lighting equipment.
4. Do not touch or handle equipment with wet hands or allow your equipment to be in contact with water.
5. Be sure to disconnect from the power supply when the light is not in use.
6. Do not attempt to repair your lighting equipment yourself.
